42nd NSW Square & Round Dance Convention

Wentworth Falls

30th September-2nd October 2022

Spring has arrived and it is time to shake off those Winter Blues!

All of a sudden, winter and snowy nights are a distant memory. The air is fresh and warm – spring is here! That means time for fun in the beautiful, diverse landscape of the Blue Mountains. The 8.43 million people who visited this area last year can't be wrong? Did you know it was voted as the most popular National Park in NSW?

September to November is the perfect time to cast off the mood of hibernation and get back into the great outdoors. It's too early for a dip in the ocean (brrr!) so why not head to Sydney's majestic Blue Mountains for a weekend of square dancing? Or better still make it a long weekend of square dancing in October 2022!

Our theme is Puttin' on the Ritz so you can dazzle us with your 1920's style. Downton Abbey or the Great Gatsby may fill you with creativity and inspiration. So join the fun as we relive the glamour of the 1920's when the Blue Mountains became one of Australia's first tourist destination.

42nd NSW Square & Round Dance Convention

Wentworth Falls

30th September-2nd October 2022

What's Happening

Welcome to Let's Go Dancing!

"I think we have to just keep reminding people to look for the positives and things like talking about spring and the weather, making sure they are getting out and doing that exercise they are permitted to do, and maintaining that social connection.

"... There will be light at the end of the tunnel, and we learn to adapt and it's not all bad if we choose to look harder for the good and positive things happening." -Ms Robinson from Lifeline.

What great advice! We do have so many things that are positive in our lives.

Do you understand the phase levels in round dancing? This month we have an article from ARDA on page nine that explains what it means. Daniele has provided some more "Food for Thought" on page eight. Round Dance Corner on page eleven provides lots of resources to discover more about the rhythm of 'Two Step'. Arthur & Juliana have provided some humour to make us chuckle and Eileen has a quiz to remind us of Plus moves. Back to 2015 and I discovered two articles to re-share with readers. One about Ron Burrett and the other about Promotions which make for interesting reading. Pictures on the front cover are courtesy of Lynn Yager as she discovered the beauty of her area.

Articles, pictures and news are always appreciated to put a smile on everyone's face and make the world a happier place. Now, find a comfortable chair, a cool drink, sit back and enjoy reading the October issue of Let's Go Dancing. Till next time.

Ros

What is Zoom?

Zoom is a cloud-based video communications platform that allows you to set up virtual video and audio conferencing, webinars, live chats, screen-sharing, and other collaborative capabilities.

You don't need an account to attend a Zoom meeting, and the platform is compatible with Mac, Windows, Linux, iOS, and Android, meaning nearly anyone can access it. It enables you to virtually interact with friends or colleagues when in-person meetings or social events aren't possible.

SARDA NSW have purchased an annual subscription and can organise your next virtual club get together. All you have to do is contact me and we can schedule a time for your group.

NSW President's Report

Experts believe that social connectedness in the world after the pandemic may well play a protective role for mental health and well being. This could provide square dancing with a point of difference to encourage new dancers to give square dancing a try. After all it is the perfect activity to provide social connectedness, as well as physical and cognitive activity. What do you think?

At this point in time it is difficult to know when square dancing will return and whether the government or venues will mandate vaccinations. Round dancing with a partner, from the same household or those who are double vaccinated, will obviously return sooner as couples can socially distance from each other.

Just a reminder that the Association has purchased an annual subscription to the Zoom platform. This is available to any club who wishes to utilise the platform to keep in touch with their fellow dancers. Contact our secretary so your group can be scheduled into the calendar. Contact details for the secretary are on the page opposite.

Planning is still going ahead for the 42nd NSW Square and Round Dance Convention on 30th September to 2nd October 2022 at Wentworth Falls in the Blue Mountains. Mark the date in your diary it is the long weekend in October and planning is underway for a mystery tour on the Monday. Stay safe and follow the government guidelines so that we can get back to dancing.

Has
Sprung!**

Club News

CARPENTER & CO.

Caller: Gary Carpenter

Hi All. I've been pleased to see some of the other States back dancing, hopefully we will get there one day, maybe not this year but looking forward to being back on the dance floor for the National in Goulburn next year.

We've had a couple of Zoom get togethers over the last month with more and more members joining in the fun of trivia, Bingo and just a chat.

Birthdays for September were Tom Liddle, Robyn Northwood, Audrey Dean and John Carpenter. Happy birthday to you all and hope you have a wonderful day.

Quote: "Nothing is impossible, the word itself is I'm possible."

KNEE DEEP SQUARES

Chris & Linda Froggatt

Another month of lock down rolls on and we are happy to be keeping in touch via Zoom, Facebook and phone. Everyone is looking forward to getting back on the dance floor in the not too distant future and the first step will be club picnics as soon as we get the "all clear". Naturally we will need to update our Covid safe practices and we will keep everyone informed of what this means. In the meantime people have been enjoying chatting to one another and participating in quizzes via zoom on a regular basis. It was great to have Brenda & Howard Cockburn and Tedda Brooks join us recently in a session and some of us have enjoyed joining in with their zoom nights. It was great catching up with Martin & Jeanette, Christine & Ross stuck in Queensland due to the border closures, although they didn't seem to mind being "stuck" as they have been dancing and enjoying the "paradise" of freedom.

Get well wishes to Barbara G. and Bev and our sincere condolences to Lyn on the loss of her husband Kerry. Happy birthday wishes to Ian, Carmel, Liz, Marina, Lois and Carolyn.

**As a condition of entry, dancers must be
fully vaccinated against COVID-19**

**RSVP: 0415 222 150 or
shiredancelessons@gmail.com**

Club News

MOUNTAIN DEVILS

Caller: David Todd

Lock downs continue for Greater Sydney so we continue our weekly Zoom sessions. For Fathers Day we talked about unusual gifts that our male counterparts had received. Some were about the 'giving of time' and quite a few had to do with cars. We have had a Fabulous Friday where we celebrated those individuals who have made a difference to our lives. Next we enjoyed "All things Blue". Whilst it is not the same as seeing everyone on the dance floor it does give us the opportunity to share our week with others. Those individuals who have been double vaccinated are beginning to enjoy greater freedom and so we can look forward to the light at the end of the tunnel.

Did you catch the Sunrise morning show a few weeks back? Robert and Barbara highlighted square dancing in a segment called, "Lockdown Love".

PANTHER SQUARES

Caller: Maree Huffadine

Australian's are showing that now they have been given the opportunity to get vaccinated in greater numbers we are pulling together for the greater good. Hopefully this will result in a brighter and safer time ahead which will enable us to step onto the dance floor sooner than we dreamed of.

It's been wonderful to hear that we are continuing to keep in touch with our dancing colleagues over these difficult times. Some of the Panther dancers have been able to join a weekly Zoom meeting held by David and Rosalind Todd. We have heard many stories over these weeks and have come to know our friends in ways that is not always possible during our short time together at weekly dances.

We even learned that two of our dancers Robert and Barbara appeared on the Seven Sunrise Morning show last month to talk about their time in lock down but they didn't let this momentous opportunity slip by without giving a plug for Square Dancing.

Birthday greetings to Sandra Kreckler, David and Rosalind Todd.

Looking forward to seeing you all back on the dance floor when it is safe to do so.

SUMMERLAND LARRIKINS & NORTHERN WAVES

Caller: Frances Hickson

Still no dancing, lockdowns are becoming more common in our area. We are no sooner out of lockdown, then another one pops up. Happy Birthday Del, Denise, Brian.

TOP CATS SQUARE & ROUND DANCE CLUB

Caller/Cuer: Brett Gill

Howdy there! It is somewhat surreal when you look at our year to date & the promise of freedom / return to normality as we chug along towards Christmas & into a brand new year. It is timely to remind one another that we have ALMOST made it through our 2nd very lengthy lock down in 2 years. For some, it has been a time of reflection, others great joy & sadly for some, grief & loss of loved ones. Our sincere condolences go out to Lyn for your loss & to others who have requested privacy as they come to terms with their losses. A number of dancers have been unwell during the current lock down & we are overjoyed knowing that the bulk have pulled through with flying colours thanks to the support of family & friends (on & off the dance floor). Big congratulations go out to first time & repeat grandparents (you know who you are) - I think all except one are yet to physically meet the new addition to the family - Here's to the magical moments that lie ahead when the time comes to reunite & celebrate. Congratulations to Fay for her special birthday in September. A big happy birthday shout out to all those celebrating in September & October (Including 2 very special people, Wendy & Alan). In terms of dancing updates - We have been given the green light to resume round dance classes as soon as NSW reaches the golden 70% double dose vaccination milestone. Square dancing unfortunately will continue to be in recess until the Government reduces the 4 square metre rule to 2 square metres. We will hold 5 Round Dance sessions weekly, catering for those who wish to learn through Intermediate & Advanced dancing. In line with Government rules & that of our venue, those wishing to attend dancing must have received 2 doses of a COVID vaccine. We are pumped & can't wait to see everyone again soon - Until then, stay safe, happy, optimistic & healthy. See you next month!

Food for Thought

Ponder on these imponderables

1. If you take an Oriental person and spin him around several times, does he become disoriented?
2. If people from Poland are called Polls, why aren't people from Holland called Holles?
3. Do infants enjoy infancy as much as adults enjoy adultery?
4. If a pig loses its voice, is it disgruntled?
5. If love is blind, why is lingerie so popular?
6. Why is the man who invests all your money called a broker?
7. When cheese gets its picture taken, what does it say?
8. Why is a person who plays the piano called a pianist but a person who drives a racing car not called a racist?
9. Why are a wise man and a wise guy opposites?
10. Why do overlook and oversee mean opposite things?
11. Why isn't the number 11 pronounced onety one?
12. 'I am' is reportedly the shortest sentence in the English language. Could it be that 'I do' is the longest sentence?
13. If lawyers are disbarred and clergymen are defrocked, doesn't it follow that electricians can be delighted, musicians denoted, cowboys deranged, models deposed, tree surgeons debarked and dry cleaners depressed?
14. What colour hair do they put on the drivers' licenses of bald men?
15. I thought about how mothers feed their babies with tiny little spoons and forks so I wondered what Chinese mothers use? Toothpicks?
16. Why do they put pictures of criminals up in the post office? What are we supposed to do, write to them? Why don't they just put their pictures on the postage stamps so the postmen can look at them while they deliver the mail?
17. You never really learn to swear until you learn to drive.
18. No one ever says 'It's only a game' when their team is winning.
19. Ever wonder about those people who spend \$1.50 on those little bottles of Evian water? Try spelling Evian backwards: NAIVE
20. Isn't making a smoking section in a restaurant like making a peeing section in a swimming pool?
21. If 4 out of 5 people suffer from diarrhoea, does that mean that one enjoys it?

"You dance love, and you dance joy, and you dance dreams"
Gene Kelly

Australian Round Dance Association

We have often been asked what does this “Phase II (III, IV etc)” mean? What does “unphased” mean? Basically, the term ‘Phase’ refers to the rating system used by the Round Dance community to help understand the difficulty or level of a movement, action or entire piece of choreography (dance).

“Unphased” therefore means that the action or movement has not yet been officially defined by ROUNDALAB. While the description of the action or movement is described on the dance cuesheet it would not appear in the ROUNDALAB Phase manuals. Usually an “unphased” movement will be a variation of an already defined movement and if the choreographer is doing their craft justice, the complexity of the unphased movement will not be any harder than the phase level of the rest of the dance. Once the unphased movement appears in a total of five dances written by at least three Choreographers, an application can be made to ROUNDALAB to define the movement.

The Phase Rating System has been developed by ROUNDALAB – The International Association of Round Dance Teachers. Below is the explanation direct from ROUNDALAB:

ROUNDALAB PHASE RATING SYSTEM

The purpose of the “ROUNDALAB Phase Rating System” is to provide a method for rating basic round dance actions, movements and figures according to the degree of complexity. This system can be readily used and understood by all those involved in round dancing to rate a dance at the appropriate phase. This concept works as follows:

If all actions, movements and figures in a dance are from the same phase, the dance will be phased at that phase.

A dance cannot have more than two actions, movements or figures [or any combination thereof] from the next higher phase and remain at the lower phase.

[1] If there is one action, movement or figure in a dance from the next higher phase, the dance will be phased at the lower phase plus 1 [e.g., a Phase II dance with one figure from Phase III will be rated Phase II +1].

[2] If there are two actions, movements or figures [or any combination thereof] in the dance from the next higher phase, the dance will be phased at the lower phase plus 2 [e.g., a Phase II dance with two figures from Phase III will be rated Phase II +2].

[3] Three or more actions, movements or figures [or any combination thereof] in the next higher phase requires the dance to be rated at the higher phase level.

c. A dance cannot be rated any lower than one phase below the highest action, movement or figure used [e.g., a Phase III dance with one figure from Phase V will be rated as Phase IV +1].

Solo Dancers

It's hard to believe it's been over 18 months since hundreds of square dancers, in Australia and all over the world, have not danced face to face. Thankfully Ros and David Todd have kept many dancers connected with ensuring the magazine is produced every month and the Friday night Zoom social session is full of knowledge and entertainment. Thank you, Ros and David for all the work you do to keep square dancing alive.

Square Dance words can become lost in the brain, when not used regularly, so here's an easy Revision Quiz for Plus Dancers. Just fill in the missing letters from the clues given.

Dancer tips:

- Two Step is light, fun & for the most part falls under the 'Square Dance / Easy Level' category in terms of Round Dancing
- There are 4 beats per measure in the two-step rhythm
- Depending on the figure, some use all 4 counts (Example: Cut back twice), others 2 or 3 counts (Example: Strut or Walk 2 & Forward 2-Step)

Additional Resources: If you would like more information about Round Dancing in general and/or to find out about other resources that I have available, please send through an email to bg77790@gmail.com including: Your name, which state in Australia you are from, are you new to Round Dancing or an existing dancer

Award to Ron Burrett

I've been everywhere man! Originally recorded and made popular by singer Lucky Starr in 1962, this is a song now embedded in Australian folklore.

Well, the man who we are about to honour can sing "I've danced everywhere man!"

From the first one held in Sydney in 1975 to the recent State Convention in Milton on the south coast of NSW this year, this man has danced at every one of our 36 NSW State Square Dance Conventions to date. His love of square dancing is evident, as he has not only danced but participated in nearly all aspects of our NSW Conventions.

Yes, Ron has been a caller for many years, and has therefore called at many of our State Conventions. He was also convenor at Parklea (the first NSW State Convention that I ever attended). Since then, he has been on various State Convention Committees with his lovely wife, Roslyn which have been held in near and far places including (in no particular order) Lake Haven, Banora Point, Wellington & Kiama - often being the engineering mastermind of how to place decorations in the various venues; and driving long distances to attend Convention Committee meetings.

At the 21st NSW State Square Convention at Penrith, Ron was delighted to cut the huge wooden cake especially custom-made for the occasion.

His participation has not ended there either. If you, like us, have a collection of dance ribbons (from the State Conventions which you have attended), then we'll let you in to a little known fact - most of those ribbons have been cut and hand screen-printed by our one and only Ron Burrett!

Oh and for those that have quickly calculated that from 1975 to 2015, Ron should have attended 41 State Conventions. Well, our Ron never skipped any Convention! Yes, in the years when no NSW State Convention, Ron danced at the Australian National Conventions being hosted within NSW; and for three of these Nationals he was on the artistic team that created some absolutely marvellous decorations!

Ed & I are delighted to present this award to recognise Ron's outstanding participation at NSW State Conventions. Ron, on behalf of the Square & Round Dance Association of NSW, you are now its first Patron of the Convention. Congratulations Ron!

From the Review October 2015 submitted by Lynn Yager

Promoting Square Dancing

This article was written by Bernie Hauville from 2015. Does it still apply? You be the judge! These are my thoughts about promoting square dancing as one of the great social & physical activities. The “square dancing bug” caught me, well and truly, at the end of last year, while on “Country Cruisin” October 2014 with Nev McLachlan.

Being self employed for the past 35 years two things are always foremost in my mind. “You can’t change a first impression and you must get inside the customers head”.

These principles apply to square dancing as well.

1. Demonstrations – Square dance outfits do not need to be worn in a demo square. Casual everyday clothing is much better, especially when we are trying to attract younger dancers, who tend to ‘dress down’. When people are watching demos now, they are looking at the outfits rather than focusing on the dance moves.

All bowling clubs needed to embrace the change to barefoot bowls in order to attract new younger bowlers. (No uniform required there!) All calling at demonstrations, needs to be done by a higher level of caller, as determined by the society, otherwise CD’s should be used. This was proven recently, in a demo square, when we only had the 8 dancers, so one of Brian Hotchkies CD’s was played: Result was - we had an audience! When another dancer eventually arrived, our caller sang a Sinatra song: Result was - the decks were cleared! Later, when I questioned the caller on the choice of the song, the response was “I like that song!” If this had of been my introduction to square dancing, I would have shot through too!

The Society could perhaps have rules as to which level of caller can call at demos. The need is there to produce a demonstration CD, with the most up to date songs, from various callers, so younger people can also relate to. The full attention will then be on the dancing. Whenever rock & rollers do demonstrations they dance to CD’s. (dancers selection criteria – less grey hair the better)

2. Beginners - Teaching beginners at the start of a new year was okay back in the day when people were knocking the doors down to learn. People have a more robust lifestyle now and many more choices on which to spend their spare time. We have to push for beginners classes three times a year – the rock & rollers do this every two months. Some beginners, for various reasons, can’t continue or go away on holidays, mid learning. These vital new dancers must be kept in touch with and notified of the next intake. The ‘slow plodders’ can then have the option to restart again also, thus leaving the others to advance instead of being held back. At present, the once every twelve months is far too long between intakes and the interest is lost. All callers/ helpers need to note contact emails and phone numbers of new learners on their first night. This is also apparent for SMS reminders in order to keep in touch with dancers for following lessons. The more correspondence with new dancers the more inclusive they will feel.

Continued next month

Chuckle Zone

Aesop's Fables:

Wolf in Sheep's Clothing.

A wolf dressed himself in a sheep's skin, so as to hide in among the sheep as they grazed. He completely fooled the shepherd and was penned with the sheep that evening. But alas for the wolf, the shepherd fancied mutton for his supper, selected the wolf, taking it for a sheep, and slit its throat on the spot.

What a lovely story to tell your grandchildren, as you tuck them into bed.

SQUARE DANCING AUSTRALIA HOMEPAGE

URL: <https://squaredanceaustralia.org>

Info Line 1800 643 277 Free Call from Mobiles & Land lines

EMERGENCY CALL FOR MEDICAL AID

- 1 When a dancer goes down, a second dancer attends him/her.
- 2 Remaining couples join hands and take a step backward. This will allow the injured person and attendant air and room.
- 3 Raise joined hands as high as possible in the form of an arched circle.
- 4 On seeing this signal, the caller or hall monitor will immediately place an Emergency Call for Medical Aid.

REMINDER

The electronic copy of the Australian Square Dance Review is available **FREE** if you wish to be notified when it is available go to <https://www.squaredanceaustralia.org/publications/> Available February, May, August and November

DISCLAIMER

STOLE THE CAR.**

I'm so bored,
I went
outside and
knocked on
my own
door, then
came back in
and asked
"who is it"?
